

# Witness Service Citizens Advice

**Witness Service need Volunteers aged 18+ in your local area to support witnesses in both the Crown and Magistrates Courts.**

You'd be supporting a wide range of people - anyone could be a victim or witness of a crime. Courts are unfamiliar environments, and having to speak about - and relive - an unpleasant experience can be intimidating and distressing. By giving your time to help witnesses you'll give them the information and reassurance they need to give their best evidence.

**Who we are looking for:**

**We are looking for people who meet the following criteria:**

- Free at least 1 day a week
- Great listeners and effective communicators
- Have the confidence to support people at a difficult time
- Have a non-judgemental attitude
- Be able to make a commitment of being with us for a year

You'll get full training, support and accreditation - and a warm welcome. If you want further information or to apply for one of our roles, search online for "volunteering with the witness service"; go to <https://tinyurl.com/yxskut7m> or scan the QR code on the right.
