What is 'Your Vision' of Future Services for People with Sight Loss in Worcestershire?

Sight Concern Worcestershire aims to provide the very best services to meet the needs of people with sight loss in Worcestershire.

We are reviewing the services we provide, their quality, and we want to explore how we can reach more people.

During March and April 2014 we are running 'Your Vision' workshops in your area. The workshops are aimed at:

- People with sight loss
- Family or friends of people with sight loss
- Health and Social Care Professionals

The workshops will give you a greater understanding of Sight Concern's Services, and help us shape services in the future.
